FRONTEND DEVELOPER

I am a highly skilled frontend developer with over **1.5 years of experience** in **HTML, CSS, JavaScript, React js ,Python and SQL**. I have knowledge of popular library such as **React JS** and experience with **REST APIs** and **UI Designing**

TECHNICAL SKILLS

Languages	: JavaScript, Python, HTML, CSS
Frameworks	: React.js
Libraries	: Redux, React Router, ANT Design
Databases	: SQL
Dev Tools	: Visual Studio Code, Git, GitHub
Design Tools	: Adobe XD, Figma

EXPERIENCE

Frontend Developer Trainee

Decision Minds

Dec 2022 – Nov 2023

Remote – Chennai, Tamil Nadu, India

- Designed and developed dynamic and responsive websites using **HTML, CSS, JavaScript, and React js**
- Worked with **REST APIs** to retrieve and display data from databases
- Troubleshoot** and **fixed bugs** in frontend codebase, ensuring smooth operation and optimal performance of web applications.
- Collaborated with cross-functional teams including **backend developers, designers, and product managers** to identify and resolve frontend issues.
- Conducted thorough testing and debugging to isolate and rectify bugs in **HTML, CSS, and JavaScript** code.
- Implemented **responsive design** principles and optimized frontend performance for various browsers and devices.

Junior frontend Developer

Sysarks technology solutions Pvt Ltd

Dec 2023 – Present

On site - Bengaluru, Karnataka, India

- Crafted and engineered dynamic and adaptable websites utilizing **HTML, CSS, JavaScript, and React.js**.
- Utilized **REST APIs** to fetch and exhibit data from databases
- Diagnosed and addressed issues in the **frontend codebase**, guaranteeing seamless operation and peak performance of web applications.
- Fostered collaboration with interdisciplinary teams including **backend developers, designers, and product managers** to detect and resolve frontend challenges.
- Enforced **responsive design** methodologies and enhanced frontend efficiency for diverse browsers and devices.

PROJECTS

iMovie Showcase Website with Carousel and Trailer Integration Website

HTML ,CSS ,Javascript, Git

[Source Code](#)

- Developed a dynamic and interactive movie website utilizing **HTML, CSS, and JavaScript**
- integrated with the **Carousel Slider** for seamless content presentation
- Utilized **responsive design** to ensure compatibility across all devices
- Deployed on GitHub pages via GitHub Actions

Axford University Web Portal

HTML, CSS, Javascript ,React JS, Git

[Source Code](#)

- Designed and developed a modern and intuitive web portal for Axford University, integrating essential features such as **dynamic sliders, event listings, and a student registration form**.
- Leveraged **React.js** for frontend development, utilizing **functional components** and hooks for **state management**.
- Implemented **responsive design** principles to ensure optimal user experience across various devices.

Payroll Management System

Python,SQL,Git

[Source Code](#)

- Developed a comprehensive Payroll Management System using **Python's Tkinter** library for the graphical user interface and **MySQL** for database management
- Integrated **MySQL** database to store and manage **employee details, attendance records, and financial data** securely.
- Implemented data entry forms with input validation to ensure accuracy and integrity of information.

Billing Management Software

Python,Git

[Source Code](#)

- Designed an intuitive **graphical user interface (GUI)** with **Tkinter**, allowing users to easily navigate through different sections and functionalities of the software.
- Implemented features for capturing and storing customer details such as **name, phone number, and email address**, ensuring personalized service and efficient communication.
- Developed a product catalog section where users can input **product names, rates, and quantities**, facilitating easy selection and billing of items.
- Implemented a **receipt generation** feature that displays detailed billing information including customer details, purchased items, quantities, and total cost, enabling customers to review their purchases.

MannaHeal Healthcare Platform Design

Figma

[Design Link](#)

- Designed a modern and user-friendly healthcare platform interface called **MannaHeal** using Figma.
- Designed a comprehensive dashboard enabling **appointment scheduling, medical history access, notifications, and personalized health recommendations, fostering patient engagement.**
- Created a dedicated portal for healthcare providers to manage **appointments, access patient records, prescribe medications, and communicate efficiently, optimizing workflow**
- Designed an administrative console for managing user **accounts, updating medical information, generating reports, and overseeing platform operations.**

Matrimonial Platform Design

Adobe XD

[Design Link](#)

- Designed a **matrimonial platform** interface using **Adobe XD**, focusing on user-friendly navigation and modern aesthetics.
- Implemented essential features such as **user registration, profile creation, search filters, and messaging functionality.**

Learning Platform Interface Design

Figma

[Design Link](#)

- Developed a comprehensive learning platform interface in Adobe XD featuring a variety of pages including a **video page, content listing page, and carousel video page.**
- Incorporated interactive elements such as **video playback controls, dynamic content organization, and carousel navigation** for enhanced user experience.

EDUCATION

Annappoorana Engineering College

Bachelor of Electrical and Electronics Engineering -6.90 CGPA

Salem, Tamil Nadu, India

Jun 2016 – Dec 2020

Sree Saravana Niketan Matrics Hr.Sec School

Higher Secondary Certificate -67percentage

Erode, Tamil Nadu, India

Jun 2014 – Mar 2016

Sree Saravana Niketan Matrics Hr.Sec School

Secondary School Leaving Certificate -88Percentage

Erode, Tamil Nadu, India

Jun 2012 – Mar 2014

CERTIFICATIONS

- [Certified Python Developer by the SLA Institute -Chennai](#)
